PARENTS NEED TO ATTEND

students who complete a reading log!*

WHY: Students typically lose three months reading progress over the summer. 10 – 15 minutes a day spent reading books at their independent reading level can help prevent this loss. However, we often hear from parents of young children how difficult it is to find reading material at their level. So... we have a plan☺!

WHAT: Stop by the Lakeview Media Center during the following times and we will be available to help you select books from our guided reading collection. If your child is a Lakeview student we will know his or her level. All you have to do is show up and check out books.
