

# Little Lakers Preschool

Our preschool classes meet multiple days each week, allowing time to enhance and expand the learning opportunities available for your child. Each of our classrooms is staffed by experienced teachers and is designed to provide a foundation for lifelong learning. Children are natural explorers and problem solvers - they learn through play! We strive to foster that growth and development through a variety of hands-on learning experiences.

## What will my child learn?

Science – Math – Technology – Art – Music – Social Skills –  
Problem Solving – Literacy Skills – Cooperation –  
Large Muscle Movement – Fine Motor Skills – Creative Dramatics

Our preschool classes have received the highest possible rating from Parent Aware. We are proud to use the best practice for preparing children for kindergarten. Having this rating means families who qualify financially can apply for Early Learning Scholarships.
